Global Value Wins Top Performance Award in France

EQUITIES / 22 OCTOBER 2013 / GMT 15:27

Our Global Value portfolio has been named the best-performing global equity fund by amLeague, the French asset-management ranking group. The award signals growing industry recognition of the strong recovery by our Value Equities services over the last year.

Global Value won the award for best performance and best risk-adjusted performance over the 12-month period ending September 30, 2013. **Olivier Herson** of our Paris office collected the prize on behalf of the firm earlier this month.

"The tireless efforts that our research and investment teams have made to improve performance in our Value Portfolios is starting to pay off in a big way," said **Avi Lavi**, Global Director of Value Research.

"This award shows that the market is beginning to recognize our recovery and I'm confident that we can continue to deliver for our clients."

Most of our Value services have posted strong absolute and relative performance this year.
